

## *The Social Scene*

As we come into another spring, with a full lake (*finally*), We are so excited about the rest of the year! April's Fiesta party, lots of Mexican food! Jamaican me crazy coming up in May! (We need some dessert ideas for this ya'll!). We are planning on some exciting stuff in the coming months!!

On a personal note, I must inform you all that I (Anna Banana) have been trying to be a great daughter and hang out with my mom, who is visiting from Germany, so am a little out of the loop of what's been going on at the lake! Not only have I been doing daughterly duties but I have also been doing employee duties. If I never travel again on business it will be too soon! Someone told me a lie and said that this job was a promotion – hmmm - may have to re-think this whole situation. I think they meant to tell me something different altogether.

However, Susan was a good social director and actually attended our scheduled event this past month! Consequently, I must apologize for the two of us if anyone is left out of the article (you see, she makes me write this every month).

This past March's crawfish and shrimp boil was a definite success despite the cold and the wind! Thanks to those who spent so much time and energy boiling up the shrimp and crawfish including **Terry Hooper**, **Dave Beckett**, and **Wayne Anderson** (I apologize if I forgot anyone)! Either way...another great boil...in fact the second annual event to include crawfish proved to defeat the odds of what was expected.

As usual, we had great help in the kitchen as well. **Lisa Roper** was non-stop behind the scenes-we may need to send her to kitchen addicts anonymous! **Joan Anderson**, **Mary Becket**, and **Marsha Teague** are, and will always be, a wonderful help.

**Craig LeBlanc** was a godsend and actually cleaned up everything on Sunday - shrimp guts, crawfish guts and more! Thanks Craig!

April 17<sup>th</sup> is our next social event. This party is an annual "Fiesta Party". The cost of this shindig is absolutely free! Hmmm...what kind of dietary adjustments can we include this round?!

Remember we'll have bands playing at several of the coming parties which will provide great dancing opportunities thanks to **Dave Herrington** for securing them this year!

*We love the lake!! Enough said!*

*Anna Bustamante and Susan Hooper*
