

# Sail Report

By Pete Macler  
Rear Commodore for Sail

## Looking Astern - June:

### Novice Race:

For Skippers who have not won a race on Canyon Lake before – time to get started on June 26<sup>th</sup>.

Three 2 ½ mile races around a triangular course were planned.

## Looking Forward - July:

The Patriot Series will be held in July over four consecutive Friday nights, with one race each evening. The NOR will be published next week with details. The Patriot Series is a fine event where participants enjoy cooler sailing in the evenings. After the races, view the beautiful sunsets that follow.

## Parley:

Many thanks to all who have participated in the Racing Program. We were able race 10 boats during the Jamaican-Me-Crazy Race, which was a delight for all. The photo finish between Jerry Dechert's O'Day 30 *Chillaxin* and David Beckett's Catalina 30 *Tryst* after twelve miles of racing was spectacular. Well done Captains.

## Scuttlebutt:

The sailing article is shorter than usual, since I am sailing on the Chesapeake with a group of Precision Sailboat Skippers. We sailed across the Bay from Rock Hall to Annapolis today docking in "Ego Alley". The Precision 23 looked like a dinghy compared to some of the sailboats docked here.

## Ahoy:
